## Lung Rest

Your lungs have all they can do. They work night and day, and are faithful to the end. Then use them well. If they are rasping and tearing themselves by hard coughing, come to their relief. Give them Ayer's Cherry Pectoral. It soothes, quiets. Your doctor will explain its action to you. Ask him all about it.

We have no secrets. We publish the formula of all our medicines. J. C. Ayer & Co., Lowell, Mass.

### Answer to Petition.

In the case of Joseph Dornier vs. A. A. Rich, the defendant has filed his answer to the petition of the plaintiff. He says that on the 6th of July, 1905, he was, and is now the cashier of the Citizens' Bank of Johnstown. That on or about said date a check payable to Alonzo Huff, drawn on the Centerville bank of Centerville, O., for \$26, by T. O. Porter, was presented to the bank endorsed by the name of Alonzo Huff, and was paid. Defendant says the check was stolen from the home of Alonzo Huff some days before. That when it was stolen it had not been endorsed by Alonzo Huff, and has never been endorsed by him, and declares the signature to be a forgery and that the Citizens' bank was defrauded of \$26. The defendant says that having good and probable cause for suspecting that said plaintiff was the person who committed the forgery, caused him to be arrested and taken before Mayor Mattingly of Johnstown, to be examined and dealt with according to law. J. R. Fitzgibbon, attorney for the defendant.

### Answer Filed.

In the case of Charles Whitehead vs. Edwin Doe et al., defendants by their attorney, Wayne Collier, have filed their answer in the Common Pleas court denying the allegations of plaintiff, and asking that the injunction be dissolved, and that judgment be rendered thereon.

## ANNOUNCEMENTS

**Of Candidates To Be Voted For at the Coming Democratic Primary Election.**

The following gentlemen, whose names appear in this column under this heading, announce themselves as candidates for the offices designated respectively, subject to the decision of the Democracy of Licking county at the coming primary election:

**For Congress,**  
WILLIAM A. ASHBROOK.  
J. B. JONES.

**For Sheriff.**  
W. F. HOLTON.  
WM. LINKE.

**County Clerk**  
J. W. HURSEY (second term).

**County Commissioner.**  
GEO. T. TAVENER, (of Eden Tp.)

**Infirmity Director.**  
B. D. JACKSON (second term).

Rhode Island Democrats have endorsed an independent Republican for United States senator to succeed Senator Wetmore and have withdrawn their own candidate. As a result there will be a fusion upon candidates for the Legislature between the Democrats and independent Republicans. If the fusion succeeds and Wetmore is defeated it will be a fatal blow to the domination of Senator Aldrich in the state and will probably result in his retirement from Congress at the end of his present term. In the hope of accomplishing such a desirable result the Democrats have patriotically agreed to support an independent Republican for the United States senatorship this year. The result of the fusion movement will be awaited with interest by the country generally. If it should succeed it ought to result in the election of a Democrat to succeed Aldrich two years later.

A reception will be held at the Town Hall after the exercises, to which all are cordially invited.

## "DRY" PETITION

**With Pockets in the Skirts of It and With a Big Brewer's Name in the List.**

Cleveland, O., May 22.—"Ernest Mueller, 68, Ami Court." "This is one of the names on a 'dry' local option petition, which was filed with Vice Mayor C. W. Lipp Saturday. Ernest Mueller is president of the Cleveland and Sandusky Brewing company and president of the Ohio Brewers' League. The petition is also signed by O. E. Mueller. This petition is ingenious. Pockets are skillfully created on Detroit street and West Madison avenue, in which saloons now flourish. If Mayor Johnson declares it a valid petition, others of the same kind will follow, and the 'drys' will have all kinds of trouble.

## NOTICE

Prescribing Time and Manner of Holding the Democratic Primary Election for Licking County.

Whereas, on the 17th day of May, 1906, the Democratic Central Committee of Licking county, Ohio, in obedience to the instruction of the County Convention of the party held on said day, declared its intention and desire, to hold its Primary Election under an act of the General Assembly of Ohio, to amend Sections 2910, 2917, 2918, 2919, 2921 and 2921a of the Revised Statutes of Ohio, relating to the conduct of Party Primary elections, passed March 1, 1904.

Notice is therefore given, that on SATURDAY, JUNE 2, 1906, between the hours of 9 o'clock a. m., and 6 o'clock p. m., said Democratic party of Licking county, Ohio, will hold a primary election, under the provisions of said act, for the election of a candidate for the office of

1. Sheriff.
  2. Clerk of the Court.
  3. County Commissioner.
  4. Infirmity Director.
  5. Central Committeeman for each township and precinct.
  6. Candidate for Congress to be Licking county's choice at the Congressional convention of the 17th Ohio district.
- Said primary election will be held at the regular voting places in each precinct in said county.
- Any elector of said county, and any registered elector of said city, who supported the Democratic ticket at the last election, or who has become of age since the last election, or who declares his intention of supporting the Democratic ticket at the next election, shall be qualified to vote at said primary election, subject to the provisions of said act.

Any person desiring to be a candidate for any of the above offices or Central Committeemen, is required to send his name to the Chairman of the Central Committee by noon on Saturday, May 26, 1906, in order to have his name printed on the ticket.

ROBERT W. HOWARD  
Chairman Democratic Central Committee.

O. C. LARASON, Secretary.  
State of Ohio, Licking county, ss.  
Robert W. Howard and O. C. Larason being duly sworn, say that they are chairman and secretary respectively of the Democratic Central Committee of Licking county, Ohio, and that the facts set forth above are true as they believe.

## Birthday Surprise.

Mrs. James Vanatta, who resides about two miles east of St. Louisville, and who is one of the best known and most estimable women in the county, was the recipient of a delightful surprise at her home on Monday of this week. The occasion was the 54th anniversary of her birth, but she had forgotten all about this most important event, and when her friends began arriving at an early hour in the day she was more than surprised. When the people stopped coming fifty-five of her friends had gathered, all bringing well filled baskets. The time was pleasantly spent until the noon hour when a sumptuous dinner was served in "the shade of the old apple tree," which was much enjoyed by all present. At a late hour in the evening all returned to their homes, wishing Mrs. Vanatta many returns of the day, and expressing their thanks to Mrs. Boyd, who planned the affair.

Those who were present were Mr. and Mrs. John Penn, Mr. and Mrs. W. D. Evans, Mr. and Mrs. George Weiss, Mr. and Mrs. L. E. Boyd, Mr. and Mrs. Starrett and family, Mrs. Pound and family, Mrs. Jacob Weiss and family, Mrs. W. H. Van Atta and family. Those from Newark were Mrs. J. M. Kiley, Mrs. Moses Long, Mrs. John Ficker, Mrs. Eliza Freese and Master Paul Kelly.

The Advocate is indebted to Mrs. J. M. Kelley for a bounteous supply of cake.

## AFFIDAVIT FILED FOR CONTINUANCE

IN CASE OF ANTHONY WALSH FOR SHOOTING OFFICER WINTERS.

Affiant Says There Are a Number of Witnesses Whom He Cannot Locate.

The case of the State of Ohio vs. Anthony Walsh, indicted for shooting at one of the special officers employed at the Wehrle stove works, last fall, with intent to wound, has been set for May 23. The defendant, however, makes affidavit that certain witnesses are necessary for him without whose testimony he cannot safely proceed to trial. He says that he has been unable to locate the witnesses, further than to find that none of them are in Licking county, but he hopes to locate them so that he may have them present as witnesses at the next term of court; that this application is not made for delay merely, but for the purpose of justice. Dr. J. W. Barker also makes affidavit that Alva Wilson, a witness in the case, is suffering with malarial fever and that it will be dangerous to his life and health to be present and give testimony as a witness on the 23d of May, or for some time to come.

The case of Shields vs. The American Light and Water company, in which the contract for the construction of the new water works is enjoined, has been set down for hearing on Saturday before Judge Seward. The dissolving of the injunction will be heard on that day.

In Probate court in the matter of the exceptions of A. A. Stasel, receiver of the Newark Savings Bank company, to the account of James F. Lingafelter to the estate of Margaret O. Shaugnessy, the court rendered his judgment. He found that Mr. Lingafelter had overdrawn his account in the Newark Savings Bank in the sum of \$733, and had used the money to pay the debts of the estate. He claimed that the estate was indebted to him in the sum of \$400. The court ordered him to show by his account that the money of the Savings Bank was used by him to pay the debts of the Savings Bank, and not to him. The exceptions of the receiver were sustained and he was ordered to account accordingly.

## AT RISK OF LIFE STOPS RUNAWAY

Mr. "Dan" Kindig by a heroic act and risk of his life prevented what might have been a very dangerous runaway Tuesday morning. Mr. Kindig was engaged in painting a house near the West Main street bridge. Fred Bros. driver had left their horse and delivery wagon, unhitched, in front of the Sanitarium when the horse began trotting away at a rate swiftly approaching a run. As the animal passed, Mr. Kindig left his work and running rapidly overtook it, climbed in the rear of the wagon, over the seat and out on the shafts where he could reach the lines, after which the animal was stopped.

**ASSAULTED BY NEGRO.**  
Marysville, May 22.—Mrs. Elmer Thompson, who resides near the fair grounds, was attacked by Fred Irwin, aged 28, colored, when she went into a stall in a stable at the fair ground at 6 o'clock last evening to gather eggs, and was severely choked and otherwise mistreated. The police and a posse of men are in pursuit of the assailant. They hunted the man all night and are still pursuing the chase today.

Mrs. Thompson was pounced upon by the negro as soon as she entered the stall, but her screams attracted

## SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

## Pupils, Popular Concerts

Prof. W. W. Nushbaum, superintendent of music in the public schools has introduced a new and what seems to us a most commendable feature in connection with the year's work in music in the schools.

Yesterday afternoon in the High school chapel the pupils from seven rooms of the Central school gave a concert, or perhaps it had better be called a recital. The several rooms, from the primary department with their motion songs, done so prettily to the eighth grade with their three part songs, each presented several numbers. The selections were not specially prepared but given just as samples of the work the pupils are doing. It was really surprising to hear them sing with so much of art and with such ease. The children seem to have caught the spirit of their songs and did not as school children so often do, vie with each other as to who could sing the loudest. They produced real music and to the extent of their training showed an appreciation of the art of singing.

We understand that all the schools in the city are to be heard during the next two weeks.

Parents and the general public are invited. Surely, if parents knew, they would attend in large numbers, not only as encouragement to the children, but because of the genuine pleasure they would derive from hearing the children's songs.

In the East End the Methodist church, and in the West End the Christian Union chapel have very kindly been offered to the schools, and the concerts will be given there. We would suggest that the dates for the different schools be published so that the parents and the public may have an opportunity to attend.

## NEWARK MAN IS SUSPECTED FIREBUG

FRED HARRINGTON WAS ARRESTED AT MT. VERNON ON MONDAY NIGHT.

He Was Caught With Coal Oil Can Just as the Warehouse Burst in Flames.

Mt. Vernon, May 22.—Frank D'Arcy's warehouse in the south end of town was discovered to be on fire at an early hour this morning and but for the prompt service of the fire department, it would have been destroyed or badly damaged.

The fire was discovered by Mr. D'Arcy who has been sleeping in the building for several nights because of his fear of the epidemic of fire bugs which has struck this city. Mr. D'Arcy was awakened by a crackling noise and discovered the building in a blaze. The alarm was turned in at once and D'Arcy immediately searched the premises. He found Fred Harrington of Newark, near the building with a coal oil can. The firemen state that the building had been set on fire, kerosene being used. Harrington claims he found the can. He is held as a suspect. Representatives of the state fire marshal's office are in the city making an investigation.

## HILDRETH MURDER TRIAL.

Mt. Vernon, O., May 22.—Dr. Chas. K. Conard a prominent local physician, who attended the late Sheriff Shellenbarger from the time he was shot, a year ago, until the time of his death last fall, was the only witness examined Tuesday morning. He was on the stand the entire morning and told the court of the case from the beginning to the end. His testimony was of a very technical nature, but nevertheless was interesting and also very important. The attorneys for the defense will cross examine the doctor this afternoon and in this examination will endeavor to prove that the doctors killed the sheriff.

## Taft and Bonaparte Spoke.

Baltimore, May 22.—The annual meeting of the Civil Service Reform association of Maryland, held in the hall of the Johns Hopkins university, was addressed by Secretary of the Navy Charles J. Bonaparte, who at the annual election of officers was re-elected president, and by Secretary of War William H. Taft. Resolutions on the death of the late Carl Schurz were offered by Dr. Daniel C. Gilman of the Rockefeller institute and unanimously adopted. Secretary Taft, who was introduced by Secretary Bonaparte, discussed civil service reform as applied to the government offices of today and the institution of a pension system for the benefit of civil service employees.

## Will Boycott Exposition.

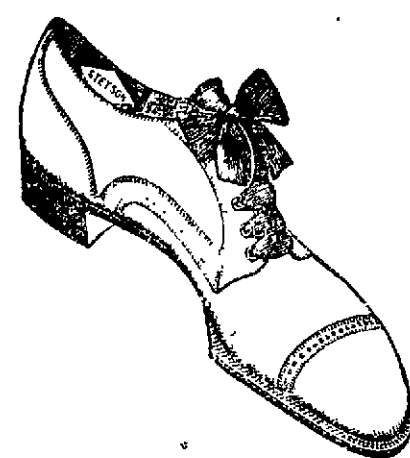

Dublin, May 22.—Secretary Daly of the Gaelic league made the following statement: "The executive committee of the Gaelic league repudiates the statement circulated in the American press that the league intends taking part in the proposed international exhibition of 1908 in London, and reiterates its former resolution, condemning the proposed international exhibition as injurious to Irish industrial development."

## Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, Vt., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by F. D. Hall, druggist.

# The Big May Sale!

Becomes More Interesting and Important Each Day.

Closing time yesterday saw our stock broken and depleted—a natural result of our remarkable offering of fresh, new goods at reduced prices.

Five minutes afterward we were hard at work putting the store in order—replenishing the broken lines, adding fine new merchandise such as at first was considered too good to include in the low price sale.

Again we are ready. We have ruthlessly clipped the prices and this great May Sale holds as much for the women who come tomorrow for the first time, as if she had visited on the opening day.

The following is a partial list of the items added and those that were tardy in arriving in time to appear in our first sale weeks offerings.

## The READY-TO-WEAR GARMENTS

### AN EXTRAORDINARY PURCHASE.

We have purchased the sample line of one of the leading makers of Wash Waists and Dresses. It is an immense line. Heretofore such lots could not be handled in Newark and such bargains went to the large cities. Our ever-increasing trade has given us confidence and no lot is too large if the price is right.

#### WAISTS.

Beautiful White Waists of India Linen, Silk Mull, Dotted Swisses, lace and embroidery insertions trimmed, all the very newest models. We have divided the lot as follows:

Waists that would sell at \$1.00 and \$1.25—for 59c  
Those that would sell at \$1.50 to \$1.98—for 98c  
Those that would sell at \$2.25, \$2.75 and \$3.00—for \$1.39  
Those that would sell at \$3.00, \$3.50, \$4.50 and \$5.00—for \$1.98

## THE SILK WAISTS!

Consists of some very beautiful White Wash Taffeta and White Jap Silks with insertions, and all over-yoke effects; also, Shephered Plaids—all this season's newest creations—those that would sell at \$3.50, \$4.00 and \$4.50—for \$2.25  
Those that would sell at \$5.00 and \$6.00—for \$2.98  
Those that would sell up to \$7.50—for \$3.98

## TEACHERS ELECTED MONDAY NIGHT

AT THE REGULAR MEETING OF  
THE BOARD OF EDUCATION

The Formal Appointment of Principals of Buildings Was Also Made at That Time.

Monday night was a busy one for the Board of Education at which a great amount of important business was transacted, among other things the appointment of principals of the various buildings and the beginning steps toward the coming institute, which will open on the afternoon of Tuesday, September 4, and continue for three and a half days.

The matter of hiring talent and making preparations for the institute on the week following Labor day was taken up and the superintendent was authorized to negotiate with the necessary instructors, the expenditures to be limited to \$250.

The following teachers were elected by the board at Monday night's meeting for the ensuing year:

W. W. Nussbaum, supervisor music.  
F. G. Steele, supervisor drawing.  
W. E. Painter, supervisor manual training.

E. P. Childs, principal High school.  
U. G. Sanger, L. G. Mullisor, C. M. Bookman, John A. Tait, H. M. Hendricks, May E. Moore, Sylvia Siegfried, Carrie Allen, Anna Wotringer, Clara McDonald, Bess Rhoads, Ida Wiegand, Mame Lawyer, Kate Foss, Dora Brennstuhl, Katherine Mesenger, Iva Morgan, Ada Sims, Martha Lundy, Emma Koos, Lulu Smith, Josephine Sawyer, Nancy B. Vance, Frances Tyhurst, Florence Hart, Irene Hazelton, Edith Mackay, Bertel Baugher, Helen Scott, Grace Williams, Clara Anne Stelzer, Mary Adam, Mrs. Martha Sininger, Fern Hahn, Mary Palmer, Katherine Ambrose, Mrs. Annis Lawhead, May Hawke, Bessie Laird, Lottie Dillon, Henrietta Braunhold, Faith Fry, Elizabeth Watkins, Gertrude Avey, Mae Roessel, Sarah McNeal, Alice McMahon, Cora Duncan, Sue Bolton, Nellie Downey, Dessa Algeo, Rosa Pugh, Florence Campbell, Florence Hull, Edna Henderson, Edith Blaisdell, Daisy Harrington, Hazel Bremigan, Ethel Metz, Hazel Armstrong, Grace Gorby, Muriel Acton, Grace Jones, Amelia VanHorn, Louise Eichhorn, Achsah Taylor, Edna Swanson, Ida Davis, Bertha Dille, Alice Simpson, Anna Lyon, Hattie VanWormer, Nellie Braddock, Lillian Kamerer, Elsie Davis.

Formal appointments of principals of the various buildings in the city with the exception of the Woodside building, as follows:

Central, Cora B. Haughey; Texas, Ida V. Henry; North Fourth, Bertie Jones; Hudson avenue, Maude B. Stadden; Riverside, Katherine Gilbert; South Third, Louise Wulfrump; South Fifth, Katie A. Murphy; East Main, Mary L. Kilpatrick; Mill street, Mabel G. Pugh; Indiana, Jessie Browne; New West, Carrie M. Kirby; Old West, Willa Shields.

As will be remembered, W. E. Painter was at a previous meeting of the board, elected supervisor of manual training, also in the High school corps Mr. Millisor was elected as the successor of L. C. Kline.

According to the suggestion of the Women's Civic Improvement Society, the board voted to offer prizes of \$10, \$5 and \$3 for the best kept school yard in the city, the matter to be turned over to the society for decision.

Prof. F. G. Steele gave a most interesting report of his recent visit to the Chicago display of drawing and manual training as taught in some of the foremost Western cities. The professor reported that the work in the Newark schools compared most favorably with the general ideas presented in the display.

The board decided to hold an adjourned meeting on next Monday evening at which time the architects who will compete are Messrs. Theband, Gleichauf, and Arbanga of this city, Vernon Redding of Mansfield and Wilbur T. Mills of Columbus.

C. D. Cheek of the Smith Premier Typewriter company, was present and the board accepted his proposition to exchange two of his latest model machines for an old Hammond, and old Underwood and \$75. This completely furnishes the schools with all first class machines.

After the reports of the various committees and a lengthy report from the trustee officer, the board adjourned at 10:30.

Special program at the Crescent Rink this evening.

## OBITUARY

### MRS. MARK HILL.

Miss Lizzie Hill, governess for the little daughter of Mr. S. McCourt, of 160 Hoover street, received the sad intelligence of the death of her sister-in-law, Mrs. Mark Hill, of Lancaster, which occurred at her home in that city on Sunday evening through drinking diluted carbolic acid by mistake. Mrs. Hill had been suffering with a severe sore throat and by mistake took a dose of carbolic acid from a bottle resembling that from which she had been taking her medicine.

### ALBERT DONAHUE.

The remains of Albert Donahue, a former well known Newark man, who died at Sandusky where he was making his home, arrived in this city at shortly after 7 o'clock Tuesday evening. The deceased was aged 76 years and was a veteran of the Civil war. He was very well known here and leaves a large number of immediate relatives.

The funeral took place from the home of his son at 323 Schuler street this city at 2 o'clock Tuesday, and interment was made in Cedar Hill cemetery.

### MRS. MYRTLE GRAHAM.

The funeral services over the remains of Mrs. Myrtle Graham will take place from the residence, 191 Pine street Wednesday afternoon at 1 o'clock, Rev. Joseph Bennett officiating.

### CHARLES WESTLAKE.

At a special meeting of Taylor Lodge No. 175 B. of L. F., held on Saturday evening, May 19, 1906, the following resolutions were adopted on the death of Charles Westlake, a late member of our lodge.

Whereas, it has pleased an All Wise Providence to remove from our midst our esteemed brother, Charles Westlake, and

Whereas, We realize in the death of our Brother Westlake that our organization has lost a true and faithful member, a wife is deprived of the companionship of a devoted and loving husband, the children of a loving and indulgent father; therefore be it

Resolved, That, while we bow in submission to this providential decree, we tender our sincere and heartfelt sympathy to the sorrowing wife and all the friends of the deceased brother in this, the hour of their sad affliction; and be it further

Resolved, That the charter be draped for sixty days, and that a copy of these resolutions bearing the seal of the lodge, be presented to the wife of our deceased brother; that a copy be read upon the minutes of the lodge, and that copies be furnished the city papers for publication.

## JURY DISAGREES IN ROSS ARSON CASE

New Lexington, Ohio, May 22.—Charged with setting fire to the Sunday Creek Coal Co.'s store at Congo, James Ross, aged 58, was tried before a jury in the Common Pleas court Friday.

A large number of witnesses were called by the state and the entire day was occupied in trying the case. About 6 o'clock Friday evening the jury retired and at 11:15 o'clock notified Judge Pyle that they could not agree upon a verdict. The jury was dismissed and June 22 was set as a time for another trial.

### OFFERS OF AID

In Case of a Revolt Against Cuba in the Isle of Pines.

Washington, May 22.—According to a statement by S. H. Percy, a large landowner in the Isle of Pines, a revolt against Cuban authority in that island will occur in the near future unless the United States resumes control over it. Mr. Percy and his brother, J. L. Percy, called at the White House, but the president refused to see them and they were referred to Secretary Root. Mr. Percy declared that he did not come to Washington to threaten the president with a revolution in which hundreds of American lives would be endangered, but simply to tell him the facts. He said that Americans now own nine-tenths of the property in the island, which they purchased solely on the assurance of President McKinley and the war department that the island was American soil. Conditions, he said, however, are at a critical stage, and the majority of the Americans has stated they will stand their opposition no longer. Mr. Percy said that the American citizens have received many offers of aid from the United States in case of a revolt.

Newark's batting rally came in the first inning yesterday afternoon, and we won before two men were out. The game which was characterized from the start to the finish with star plays on both sides and but for that hard hitting first inning in which Pitcher Yarnell got generous and gave a pass, it might have been an entirely different story to tell of the first Mansfield-Newark game played this season.

If this game had been played early in the present month, every fan in Newark would have come forward to tell you that McVey's battle scarred veterans wouldn't have a look in, but the record of the Giants during the past three weeks was such that Newark enthusiasts were prepared for most any kind of a defeat.

Manager Bates worked Pitcher Frank Grubbs for the Newark team. Grubbs is the man who reported here with the rest of the bunch last April but his arm went bad because of an attack of rheumatism and he was compelled to give up and go home. Grubbs was not idle during the month lay off. He treated that arm like it was a sick chick and his efforts were rewarded by the fact that it came around all right and he is now in pretty good form.

He worked the whole game, though he was pretty wild. Only in one inning did he allow more than one safe single and then he allowed a score himself, though he tried hard to retire his man.

Mansfield's only score came in the fifth inning. Elger opened the frame with a clean hit and Bailey followed suit with a bingle. Fox tried to lift one over the fence but it went the other way and Grubbs caught him at first. Then Yarnell sent a hot one to Davis at short and Danny returned it to Snodgrass in time to catch Elger who was trying to score on the hit. Yarnell was safe at first and Bailey was on third. Grubbs and Snodgrass held a little conference and while this was in session Bailey tried to score and Grubbs rammed the ball into his ribs but the sphere fell from the pitcher's hands and Bailey scored. It was a clever steal on the part of Bailey.

Newark scored two runs in the first frame. Snyder struck out and Bates took first via the Big Four route. Botenus singled, sending Bates to second. Then came the big Westerner, Bradley, and he clouted a line fly over Bailey's head to center field. Bates and Botenus both scored. Drake sent a long fly to Bailey and Snodgrass was out at first on a grounder to Delehanty.

In the sixth Drake scored after getting a pass to first and stealing second. Snodgrass was out on a bunt strike and Wratten sent a drive to middle field and Drake came to the rubber, sliding nearly fifteen feet. Davis and Wratten were out on a neat double from Enslow to Bierv to Enslow.

In the first inning, Delehanty made a sensational one hand stop of Snow's sure hit through the pitcher's

box In the seventh inning, Snodgrass pulled down Elger's long fly to left field which was right on the foul line near the fence. It was robbery, clean and simple. The score:

## SOME OF THE FAST HORSES IN THE GREAT BROOKLYN HANDICAP.

New York, May 22—Coming through a flying field with a splendid burst of speed, Tokalon, owned by J. W. Fuller, and ridden by Pedell, almost a novice in the saddle, won the Brooklyn handicap at Gravesend Monday. She covered the mile and a quarter in 2:05 3-5, within one-fifth of a second of the record for the race, and in the earnest of drives under whip and spur, nosed out the stout-hearted Dandelion in the run through the stretch.

Two lengths behind came The Picket, who two years ago carried his colors to victory in the same state against the mighty Just Lad and Hermis, and last of all Delhi, the winner of the classic only a year ago.

Between the first and the last was gloved hand while the shotstop was on the dead run. It was a pretty play.

Lefty Snyder robbed Ned Tiger of a clean three sacker in the seventh inning. The ball went high into the air and was dropping near the fence along the foul line. Lefty pulled it down just as Ned hit that second sack.

Delos Drake took Delehanty's long fly to center field in the last frame though it looked like a hit. Drake was running backwards and shot his glove into the atmosphere and caught it, one handed. Drake's grandfather, who honored the press box with his presence, had to shout a-a-men with delight.

Brad's two sacker was a clean one between middle and right in the third inning the big Westerner dropped another almost in the same place but this time Bailey robbed Brad of another hit.

Umpire Lavelle who officiated at the game at White park Monday, is none other than Kid Lavelle, the pugilist. If his umpiring is a sample of the pugilistic amping, President Morton should draw all his officials from the time. He was impartial in all decisions and only once or twice was there any dispute whatever.

Some of the fans thought at McVey's Battle Starred Veterans' a more appropriate name for the Mansfield team than the Giants, inasmuch as the last few Sunday games there have ended in riots, etc., because of the interference of the police.

When Bates scored in the first inning, Bill Botenus was right on his heels. Bates got down on a pass and went to second on Bot's hit, then came Brad's double and Bates was scoring

as evenly a balanced field of thoroughbreds as ever lined the stater in a great event. Tokalon was at 25 to 1, while Dandelion was favored by a big play at four and Merry Lark, who finished fifth, carried the talent's money at three. Half a dozen others were backed by thousands and Tokalon herself, though her price varied little, was not by any means discredited.

Rosen, the Johnson sprinter, was an element in the race for he took the lead in the first half and carried the others at a terrific clip the full mile with Dandelion even at his side. When Rosen's bolt v is shot, the Hamburg colt, game as his mighty sire, but lacking that sue's turn of speed came up on the inner rail and it seemed as though the race was his.

Then Tokalon, with the swinging stride that made her sure, Tammany, greatest of racers in his day, broke through the line in front and pushed her nose against the leader's withers. Full half a furlong their heads rose and fell together, and inch by inch the little mare drew up and closed the space between them. A bound or two from the wire, she showed in front and they crossed together like a torn driven to the last breath.

Doubtless there was 50,000 people present within the gates of Gravesend when the sizzling trumpet sounded for the Brooklyn, but so great a general play had been made that hardly a voice or hand was raised to cheer the racers as they padded from second to hole. Botenus scored from first.

In the seventh inning Pitcher Grubbs fanned out after striking at the first three balls thrown by Yarnell.

Some of the fans who were interested in the water works controversy forgot for a time that they were witnessing a ball game. When the Ump announced that Yarnell would pitch for Mansfield, these fans thought that Engineer James Lee Dannel was back again and that the game was a feature of the complicated water works situation.

How to Cover an Unsightly Fence.  
In many instances there are unsightly fences. In many cases they are beginning to appear dilapidated, but are not bad enough to rebuild or worth while repairing. These fences can be made really beautiful objects if properly covered. Says the Pittsburg Dispatch.

Dig up the soil along the fence, putting in a liberal amount of well rotted manure. With the back of the rake make a trench an inch deep and in this plant seeds of the wild cucumber two inches apart. Cover lightly. When the plants are four inches high thin to four inches apart, keeping off the beetles, and when they commence to climb thin to eight inches apart. They will in a few weeks cover the fence out of sight with beautiful foliage and be covered with bloom for a long season.

## NEW PSYCHICAL RESEARCH.

American Institute to Investigate Different Phenomena Carefully.  
Dr. James H. Hyslop, head of the American Institute For Scientific Research, announced recently that Dr. James Putnam, neurologist of Harvard university; the Rev. Dr. Ninot J. Savage and the Rev. Dr. Heber Newton had been elected members of the board of trustees of the institute, which hereafter will make greater studies in psychical research in America, says the New York Tribune.

The American institute will investigate two types of psychology, those called abnormal psychology and super-normal psychology. The objects of study in the first division will include neurasthenia and mental troubles. The second line of research will include hallucinations of a healthy mind. The abnormal psychology, it is expected, will need the greater amount of funds, as it is intended eventually to have a hospital where patients will be treated. There has never been any investigation of cases coming under that category in the United States, Dr. Hyslop said.

It is also the object of the institute to investigate the cases of the blind in asylums and to study certain types of visual sensations and see what can be made of the machinery of hallucinations. The loss of one sense, it is held, accentuates the others, and this will also be studied. The deaf and dumb will also be studied for auditor hallucinations and the insane for various mental vagaries.

The institute intends to hold clinics in certain hospitals which have promised to allow them room to treat these cases. Ultimately a hospital will be erected for the institute's own work. Several professional men are said to be back of the movement who at present desire their names to remain secret.

Dr. Hyslop in speaking of what a mental suggestion may do told of a recent experience of his in the New York subway with an intoxicated man. The man, he said, was angry and unruly, but Dr. Hyslop said he beckoned to him and sat beside him and by patting him and mental suggestion quieted him so that he left the train in good humor. Thus, he said, was merely suggestion and not hypnotism. Speaking about hypnotism, Dr. Hyslop said that the institute could definitely settle the question whether a man under hypnotic influence could be made to perform a criminal action or even to kill. He said he doubted if a subject could be made to do such acts. He told of his own son, who, he said, when under hypnotic influence, hesitated to do anything absurd or ridiculous.

## "THANK YOU," SAY SMOKERS

All Who Love a Cigar Appreciate Collins & Son's Introduction of Chicos.

It is reported that the smokers in Newark are going to present a testimonial to Collins & Son for assuming the agency of Wadsworth Bros' Chicos, a high grade Havana filled cigar that sells for a nickel.  
Collins & Son say they are perfectly satisfied, though, with the appreciative "thank you's" they have had from lovers of a good cigar, whom they have recommended the Chicos. It is one of the best smokes in their show case, and sells at a price so low that any one can afford to smoke it.

The price, however, is not the reason why people find Wadsworth's Chicos and business men call for the Chicos. They like it and smoke it because it is a good cigar. Try one, you'll join the Chicos club. 15 17-22

## AN APPEAL TO WOMEN

Professor Alexander Haig, M.D., Physician to The Royal Hospital for Women and Children, of London, one of the world's greatest authorities, has proven that most diseases, especially diseases of women, Menorrhagia and Dysmenorrhoea (painful and irregular menstruation) are plainly caused by *uric acid*.

For the benefit of all ailing, weakly women, we urge his explanation of common sense.

### HOW URIC ACID CAUSES WOMEN'S DISEASES

Many women overwork themselves, are nervous and worry, and many others do not take proper care of themselves during the menstrual period.

From these causes comes disease. The uric acid always present in the blood is deposited in little sharp grains like sand and lodge throughout the body.

Imagine the pain and irritation they cause in the delicate female organs. This is the cause of women's weaknesses.

To all women we appeal with the proof of their greatest specialists. We urge the remedy of common sense.

### THE APPROACH OF URIC ACID DISEASES

Painful, profuse, suppressed or scanty menstruation, backache, bearing down feeling, nervousness, lassitude (tired feeling), sleeplessness, poor appetite, headache, constipation—all show uric acid at work.

**Take LIFE PLANT before serious womb or ovarian trouble comes. If you are suffering from disease, cure yourself in a common sense way—drive out the cause of disease—uric acid.**

### LIFE PLANT IS WOMAN'S ALLY

LIFE PLANT embodies the greatest wisdom of science in driving uric acid from the blood—in dissolving it out of every part of the body.

It purifies the blood, encourages the generative organs to their natural healthy functions, relieves all backache, lassitude and nervousness, and brings perfect health.

LIFE PLANT is not a patent medicine. It contains nothing harmful. Its ingredients are used by the world's greatest specialists.

Any ailing woman who desires to regain perfect health, who is willing to use her own good judgment, may have a free copy of a valuable booklet on "Good Health." Write for it today.

**Takes Carbolic Acid.**

Lancaster, May 22.—Carrie R. Hill wife of Martin H. Hill, an employee of the U. & M. V. railway shops, died yesterday from the effects of a dose of carbolic acid self administered. She went to the kitchen cupboard at 2 o'clock in the morning to get a dose of lincture to relieve her sore throat, and got the carbolic acid by mistake. She swallowed a large quantity of it. She staggered into her son's bedroom and told him to summon a physician, but before medical aid arrived she was dead. Mrs. Hill was 49 years old and is survived by an invalid husband and a son 15 years old.

**Upholds Attorney General.**

Columbus, May 22.—The attorney general has received word from Newark that the court of Common Pleas, Judge Coyer presiding, has decided in his favor upon a proposition submitted to him about a month ago involving the legality of the awarding of moneys of the municipality to certain banks.

The position of the attorney general was that moneys which could not be taken by the bank bidding the highest rate should be treated as "moneys in the city treasury" and a new advertisement would have to be made for competitive bids, just as in the first letting by the court.

**Tired of Life and Takes Arsenic.**

Findlay, May 22.—Mrs. Peter Miller committed suicide Monday by taking arsenic. She was 60 and leaves a family. She said she was tired of life.

**"Drys" Win at West Union.**

West Union, May 22.—The election held here under the Beal law resulted in a victory for the drys by a vote of 189 to 73.

**Grain Elevator Destroyed.**

Hamilton, May 22.—Wiley Brothers' large grain elevator at Bath, on the C. & L. railroad, west of Hamilton, was totally destroyed by fire with \$14,000 loss. It was well insured. Much grain was lost.

**Venerable Wool Merchant Dies.**

Bowling Green, May 22.—Elliott Shrader, aged 82, died here of apoplexy. He was a native of Licking county, where he made and lost a fortune in wool.

**Broke Collar Bone.**

Zanesville, May 22.—Thelma, the little daughter of Mr. and Mrs. Wm. Haines of Vine street, fell from an express wagon in which she was playing and suffered a fracture of the collar bone.

**1904 Scale Offered.**

Coshocton, O., May 22.—The mines of Coshocton county will resume work as soon as possible with any men they can get hold of. At every mine in the county where work is not now resumed there will be posted this afternoon or Wednesday, copies of the resolution adopted by the state association of operators. This resolution says in effect that the work at the mines will be resumed and the members of the United Mine Workers will be given preference. They are asked to return to work at the 1904 scale.

**ON TIPPING THE HAT.**

New Yorkers still cling to the ancient custom of tipping their hats when greeting a male friend or acquaintance. It is a common sight to see a staid, prosperous looking business man as he passes an acquaintance tipping his hat, although the other is alone and unaccompanied by a woman. It is the same after a party has been together somewhere, at dinner, probably, or at the theater. You will notice that as one separates himself from the others he then tip his hat. Also when one man is introduced to another, it is dollars to a subway ticket that he will lift his chapeau. Wonder why it is. They don't do it in Pittsburgh—Pittsburgh Dispatch.

The grass will grow as green on the grave of a pauper as on the grave of a millionaire.

## The Use of Malt Extract in Food

**Cooked Wheat Treated With It and Then Baked Crisp and Brown Is Nutritious and Delicious.**

Remarkable results are obtained by treating whole wheat with malt extract as is illustrated by that widely known food product, Malt-Vita, sometimes called "The Perfect Food." In the preparation of Malt-Vita we have these two factors:—(a) the whole wheat, steamed and cooked in absolute cleanliness, containing every food element necessary to the sustenance of the human body, (b) pure malt extract containing all the nutrition of best selected barley in a readily digestible form, so nutritious and strengthening that doctors everywhere recommend it. The malt extract, mixed with the cooked wheat, converts the starch of the wheat into maltose, a most active digestive agent. The result is a perfect food, rich in all the nutrition that builds up bone and blood, brain and muscle, healthy tissue and nerve force.

And Malt-Vita is good to eat. There's nothing like it, nothing that can take its place. After being mixed with the malt, the wheat is rolled into water-like flakes—very grain a little flake—and then baked in crisp, clean ovens under most intense heat. From the ovens Malt-Vita comes crisp and brown, "done to a turn," the most delicious, the most healthful food in the world. All grocers, 19 cents.

## THE TELEPHONES IN USE IN U. S.

COMPANIES OPERATE THREE-FOURTHS OF MILEAGE OF THE COUNTRY.

Ohio Leads in Number of Messages—Cleveland is Second Best Telephoned City.

Washington, May 22.—A special report on telephones and telegraphs for 1902 has been issued by the census bureau. It shows that in 1902 the telephone systems of the country operated more than three-fourths of the wire mileage reported for both telephones and telegraphs, gave employment to seven-tenths of the wage earners, paid more than two-thirds of the wages, received more than two-thirds of the total revenue and paid more than two-thirds of the expense.

For the commercial systems the mileage was 1,779,571 and the number of telephones 2,255,981, for the mutual systems the mileage was 70,915 and the mileage was 80,915 and the number of telephones 79,915 and for the independent lines the mileage was 49,965 and the number of telephones 55,747.

The number of salaried employees engaged in the telephone service was 14,124 and the average number of wage earners 64,628. The amount paid in salaries was \$9,885,580 and in wages \$28,369,735. The number of messages or talks reported during the year was 5,070,554,557, of which all but 120,794,844 were local calls, the remaining being long-distance or tolls.

Ohio led in number of messages, with 558,707,801 and Illinois was next with 541,160,932. In long distance and toll traffic, Pennsylvania was first with 20,409,621 messages and New York was second, with 20,367,024. On the average there was one telephone to every 24 persons and each talked 65 times a year.

Of the 1,157 incorporated urban centers reported in 1902, 1902 were provided in 1902 with telephone systems of some description. San Francisco, with one telephone to nine persons, was the best telephoned city in the United States in 1902; while Cleveland ranked second with one telephone for every 16 persons and Boston was third with one telephone for every 19 inhabitants.

The average revenue per telephone amounted to \$37.50, and the average per message to 1.7 cents, while the average operating expenses was \$24.56 per telephone and 1.1 cents per message.

Incidentally the report shows that on January 1, 1901, the number of telephones for the United States was 3,400,000 and the number for Europe was 1,485,784. The report speaks of the effect of the telephone in reducing or checking the amount of telegraph business. It says that the rates of the two systems for medium distances do not differ greatly, and for very long distances they are over-whelmingly in favor of the telegraph. If the message be taken as a unit, but if the number of words be taken into account as well as the time required for getting into communication, the telegraph is at a disadvantage in case of a large amount of traffic.

The report says the public employs the telegraph at the rate of only a little more than once a year per capita, whereas the number of telephone messages is already sixty-five per capita.

The commercial telegraph systems of the country owned and operated 1,318,350 miles of wire in 1902. In addition there were 16,677 nautical miles of submarine cable. The 25 systems had an investment in capitalization of stocks and bonds of \$162,946,525, a total revenue of \$9,320,638, and total assets of \$195,507,771. A sum amounting to \$15,629,677 was paid in salaries and wages to 829 salaried employees and 26,798 wage earners.

The railway telegraph systems were represented by 681 companies. They employed 30,326 operators and dispatchers, to whom \$20,040,736 was paid in wages. The number of messages sent during the year for railroad business was 201,747,776 and the number of commercial messages was 1,715,540.

**Presbyterian Injunction Suit.**

Decatur, Ill., May 22.—Judge Johns' decision in the Cumberland Presbyterian injunction suit will not be handed down before Thursday. Meanwhile the work of the assembly will go on. The report of the committee on union will not be considered until Judge Johns' decision is received. The anti-unionists have made it known that if they fail to secure the injunction they will remain after the assembly and be the real cum in assembly. It is their own number in this program.

### IN NEBRASKA

Indictments Returned by Jury in the Land Cases.

Omaha, Neb., May 22.—The federal grand jury returned a number of indictments in connection with the alleged land frauds in Cherry county and elsewhere in Nebraska. The charges are conspiracy to obtain government land through fraudulent entries, subornation of perjury and similar offenses. Those against whom indictments were reported are A. R. and A. M. Modisett, president and vice president, and H. C. Dale, cashier of the Stockman's bank of Rushville, and William Smoot, government farmer at Pine Ridge Indian agency, who are alleged to have secured 22,000 acres illegally; Karl Comstock of Los Angeles; E. C. Harris, an official of the Kansas City, Mexican & Orient railway, and R. Hudgill, a retired farmer of New Virginia, Ia. Several of the persons indicted were in court when the jury report was read, ready to give bonds.

### A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Cold at F. D. Hall's drug store. Price 50c and \$1.00. Trial bottle free.

### CABLE SECRETS.

Dublin, May 22.—Secretary O'Daley of the Gaelic League, yesterday issued a statement condemning the proposed international exhibition in London in 1908, and saying the league will have nothing to do with it.

Weymouth, England, May 22.—Queen Alexandra and the Princess Victoria arrived here yesterday from the Mediterranean, on the royal yacht Victoria and Albert.

London, May 22.—The inquest on the body of Howard Carr, the young American who was found shot dead at a Kensington boarding house May 1, was concluded yesterday with a verdict of accidental death.

St. Petersburg, May 22.—S. A. Alexandrovsky, the former Russian Commissioner to the St. Louis Exposition, and later in charge of the Red Cross field work in Manchuria, has been appointed director of the police department of the Empire.

Tokyo, May 22.—Takaki Kato, having declined the tender of the Japanese ambassador to London, Baron Komura, has consented to take the post.

St. Thomas, D. W. I., May 22.—General No. 1, the former president of Santo Domingo, arrived here Monday from Porto Rico. He will remain some time.

**Assassin Escaped.**

Washington, May 22.—The state department received confirmation of the murder of W. H. Stuart, the American vice consul at Batumi, Russia, in a dispatch from Ambassador Meyer at St. Petersburg. The dispatch said the murderer escaped. Mr. Stuart was a Turkish subject and one of the largest ship brokers and exporters of Batumi. During the revolution he troubles last fall his life was more than threatened by Bogdanov.

### Bliss Before Grand Jury.

New York, May 22.—Cornelius N. Bliss, treasurer of the national Republican committee, testified as a witness before the special grand jury which was drawn at the instance of District Attorney Jerome to investigate life insurance matters. At the hearing before the Armstrong committee Mr. Bliss testified to contributions by the Mutual to the national campaign fund, and it is supposed that he was questioned along the same lines. District Attorney Jerome refused absolutely to discuss Mr. Bliss' testimony. The other witnesses examined by the special grand jury were Charles Preller and C. O. Grelsinger, auditor and assistant auditor respectively of the Mutual, and W. C. Edwards, treasurer of the Guaranty Trust company, an auxiliary or subsidiary organization of the Mutual.

### Moroccan State Bank.

Berlin, May 22.—Director Von Glasenapp of the Imperial bank of Germany, representing the German government, will go to Madrid this week accompanied by Arthur Fischel, representing the subscribers to the German part of the capital of the Moroccan State bank, to assist in the organization of the latter institution. The German portion of the capital of the Moroccan State bank has been supplied by a syndicate composed of Mendelssohn & Company, the Bleichroeders bank, the Disconto Gesellschaft and the Berliner Handels Gesellschaft, which in 1905 loaned the government of Morocco \$2,500,000.

### Victim of Terrorist.

Kalisz, Russian Poland, May 22.—A second attempt on the life of Count Keller, a colonel of dragoons and nephew of Lieutenant General Count Keller, who was killed July 29, 1904, during the war with Japan, was made by a Jewish revolutionist, who threw a bomb at the colonel while he was riding in a suburb. Count Keller, though receiving more than 10 wounds from splinters of the bomb, was saved from instant death by the good aim of his assailant, the bomb exploding directly underneath the body of Colonel Keller's horse, which received the major portion of the charge. The wounded man may recover.

### Reverses Kentucky Court.

Washington, May 22.—Justice White delivered the opinion of the supreme court of the United States in the case of Ayre & Lord Tie company against the commonwealth of Kentucky, reversing the decision of the court of appeals of that state. The case involved the right of the Kentucky state authorities to collect taxes at Paducah on a number of steamboats plying on the Ohio river because they were enrolled at that place. The court held that as the vessels were only temporarily at Paducah they could not properly be taxed there.

### NATURE SPARES

**The Stricken Rose From Grief.**  
What a fortunate person one of nature is, that deprives the rose of mental suffering, for how poignant would be the grief to discover in the height of its blooming glory, that a cancer fed at its heart, and that its beauty and fragrance were doomed forever. Nature spares the suffering, she is a veritable storehouse of pleasing reward, for those who seek her aid. ### Will Question Carnegie.

Boston, May 22.—An interrogatory, in which a number of questions are propounded to Andrew Carnegie as to his financial relations with Mrs. Cassie Chadwick, who is now serving sentence for forgery at the penitentiary at Columbus, O., was granted by Judge Colt of the United States circuit court upon the application of Herbert L. Newton of Brookline. Mr. Newton is said to have given Mrs. Chadwick a note for \$10,000 upon her representation that Mr. Carnegie held a note in trust for her of \$5,000,000. The Newton note is now in possession of the receiver of the City National bank of Oberlin, O., and the receiver has brought suit against Mr. Carnegie to recover the amount Mr. Newton has sailed for Europe for the summer, and there will not be a chance to answer the question until he returns. It was said that the interrogatory would be sent to Pittsburgh.

### Crossing Tragedy.

Ravenna, O., May 22.—D. A. Plum of Mantua, O., was killed and his wife probably fatally injured in a grade crossing accident here. Mr. Plum was an assessor and was bringing his returns to Ravenna. He did not see the train until on the track. He whipped up to get over, but the engine struck the rear wheel of the buggy, hurling the occupants 30 feet through the air. Plum was 72 years old and his wife about 70.

## FOR FIRST TIME IN MONTHS ALL COUNCILMEN WERE PRESENT

**Long Session Disposes of Stacks of Ordinances and Resolutions—Dog Ordinance Passed—Autos to be Numbered—Street Car Co. Must Muffle Headlights and Sprinkle Right of Way.**

For the first time in many months, in fact since the first of the year, every member of the City Council was at his desk when Clerk Munch called the roll. Chairman Charles Conrad, who has been absent since the first of the year, was at his desk.

The meeting was also the longest held in many months, the session lasting from 7:30 to 9:30 o'clock. The business was of the regular routine nature, there being a large number of ordinances and resolutions hanging over for several meeting nights.

These were railroaded through in great shape and the next meeting will be devoted to business unless the next two or three weeks bring in a large amount.

At last the city has a new dog ordinance, which provides for each dog owner, a city tax on dogs in the nature of a protection for all citizens, providing the owner pay the proper amount for a city tax to be placed on his or her dog. The heading of the ordinance is as follows: "To regulate the running at large of dogs in the City of Newark, O., and to provide against injuries and annoyances therefrom, and for the disposition of the same, and to provide for the appointment of a poundmaster and dog catcher and fix their compensation."

If a dog owner brings his dog tax receipt to the Board of Public Service, the small sum of 25 cents will be asked for a tag. If the tax is not paid, the owner must pay \$1.25.

In answer to a petition signed by over 200 East Main street residents, a resolution was introduced by Caine requiring interurban and street car companies operating streets cars in the city, to sprinkle their right of way. The resolution was adopted. The clerk of the council is to serve a copy of this resolution on the street car company. If any such company shall fail to comply with such resolution within fifteen days after the service of the copy of the resolution, the Board of Public Service is authorized to enter into a contract with an person, firm or corporation, to sprinkle the right of way of said company and the cost of same shall be certified to the county auditor by the clerk of the council for collection, to be paid by traction or street railway companies when their taxes are paid.

Mayor McCleery nominated William L. Prout for sinking fund trustee for a term of four years. Confirmed by the council.

The hospital committee reported the most available site for a city hospital is the Jack Clark property on Buena Vista street. The report was received and filed.

A petition signed by the majority of property owners on the north side of Tuscarawas street, between Cedar street and Penner avenue asked for a sidewalk on the north side of the street.

An ordinance passed under suspension of rules provides for an issue of bonds to the amount of \$7,500 for the purpose of erecting and equipping a fire department in East Newark. The plans for the station submitted by the Board of Safety were approved.

Ordinance to name alley between Third and Fourth streets, between Church and Locust, "Elmwood court" was passed.

Ordinance by Hughes—that each automobile operating in the city of Newark be numbered on the rear, the record to be kept by the clerk of the council. Passed.

Ordinance by Beardsley—to issue bonds to erect a police station and equip the same, to the amount of \$8,000. Passed.

A resolution granting nominal

to the Municipal Order of Camels to hold a carnival on the site of the old graveyard, July 21, was adopted.

A resolution to compel the Columbus, Buckeye Lake, Newark, Zanesville and Granville traction companies to muffle their headlights in the city limits was adopted.

A number of propositions for the city hospital have been offered to the city council.

When these propositions for a hospital were presented to the council, Mr. Moser asked for a few words and remarked that in his opinion better sites could be obtained than those which overlooked a cemetery. "Mr. Moser said: 'It's bad enough to have to go to a hospital without having to be compelled to count the tombstones in the next lot. I believe, gentlemen that it would be poor policy to locate a city hospital next door to a grave yard. I will admit that it is convenient, but I am opposed to such a location.'"

Mr. Moser also remarked that while the city was in the business of tagging stray dogs and rapid automobiles, that they might tag a few of the fast interurban cars as they pass in and out of the city.

## WHILE SINGING

**Girl Was Slain by Her Father, Who After Felling the Housekeeper, Committed Suicide.**

Woodcliff, N. J., May 22—John Cole, engineer on a New York ferryboat, Monday killed his daughter with an ax, perhaps fatally wounded his housekeeper, Mrs. Edgar, and then committed suicide by shooting. It is believed that an unfortunate real estate investment had driven the man insane.

The fiancée of Cole's daughter, Earnest James, 21 years old, left the Cole home only a few moments before. He declares that Cole gave no sign of being other than his usual self.

Martha J. Myers, a neighbor, witnessed the murder of Miss Cole and the suicide. He saw the girl on the porch singing happily, when the father stole from the house with an upraised ax and brought it down with terrific force on his daughter's head. The girl fell dead. The father then shot himself in the head. The unconscious housekeeper was later found upstairs.

One week ago Cole moved to this place. With them came young James, a six-footer, deeply in love with the girl, as she with him. It is said the father resented the division of the daughter's affection. Yet the young man had gone to live with them, leaving his mother in Brooklyn.

## BIG THEATER MANAGERS TO HAVE A BANK

**Chicago Will Get Institution—Capital Stock \$1,000,000—Follows Theatrical Merger.**

Chicago, May 22—The Theatrical National bank is the name to be given to a new financial institution which will be opened next month in this city. The new bank is an outcome of the large theatrical merger recently effected by Klaw & Erlanger, B. F. Keith and the managers of the Western Vaudeville managers' association and will be financed by the merger. The capital stock will be \$1,000,000 all paid up and the business of the institution be made up largely by theatrical managers and professional people who have heretofore had some difficulty in conducting banks of their financial standing or executive ability. The business of the theatres interested amounts to \$5,000,000 a month.

Amalgamations have also been made by the merger, according to Charles W. Kohl of this city, to establish a legal department and a railroad department with headquarters in this city. The latter department will control the entire transportation of the theatrical companies embraced in the scope of the merger amounting to millions of dollars annually.
